

ACADEMIES

Creative Arts

COME & JOIN OUR CREATIVE ARTS ACADEMY

- Opportunities to demonstrate ownership and leadership and to build your CV
- Opportunity to work within a professional / commercial ethos
- Opportunities to apply your developing skills within the creative arts industry
- Have a dedicated specialist to support and guide your activities
- Have an opportunity to influence, support and develop the arts at LSCC
- Enjoy a place to share advanced creative thinking
- Be selected through your application to work as part of a small team
- Enjoy sharing and integrating ideas from across the visual arts, music, drama, media and dance
- Equal opportunity for non-arts specialists

The academy will consist of seven experimental arts project teams. Each team will be supported by a consultant with specialist skills and experience of working in the creative arts industry.

The emphasis will be on you to develop the necessary skills within your team and to apply these skills professionally within a commercial context. The remit of your work will showcase the arts within school but will soon extend to the local and wider community. Initially there will be six members for each team, two of which must be Yr 12/13 but numbers may change depending on commissioning. Events and activities will take place in extracurricular time.
