You asked to be able to buy the
food you want in the canteen
before it runs out.

The School Council have arranged a pre-ordering system.

How does it work?

- Tell the canteen staff at break what you would like for lunch. You will be issued with a ticket. Go to the canteen as usual at lunch and present your ticket to collect your food.
- You can also do this before school to reserve a snack of your choice for break time.

You asked to bring back metal cutlery

The School Council fed back to the Canteen how much you dislike the plastic knives and forks.

As a result 200 new metal ones have been ordered!

However, a word of warning, everyone lost the privilege of having metal cutlery due to some students putting them in here.

Make sure cutlery goes here at the end of every meal

No more metal ones will be ordered if we lose these!

New foods to be introduced
this term which you asked for

You said you dislike toilets which are missing paper, taps that don't work etc.

The Student Council have come up with a way for students to report maintenance requests to the caretakers so problems can be fixed quickly and efficiently.
